*Looking for new challenges about containers*

## Work experience

- Feb 2017 - **Devops engineer**, *Worldline - Seclin (FR)*.  
Now In charge of mutualized ELK as a Service platform based on Docker containers. Build and Run on technical infrastructures for blue-chip companies. Pushing containers into production. Installing, configuring and maintaining high available technical infrastructures
- July 2015 - **Apprentice engineer**, *Worldline - Seclin (FR)*.  
Feb 2017 Automating build deployment of technical solutions. Datavizualization and Data Warehouse based on ELK stack and Docker containers
- Summer 2016 **Apprentice engineer**, *Worldline - Frankfurt (DE)*.  
Integrated in an international team in Frankfurt. I was in charge of the operating system obsolescence on certified PCI-DSS platforms composed of OpenVZ containers.
- 2014 - 2016 **Volunteer**, *Rhizome FAI - Compiègne (FR)*.  
Rhizome is an associative internet service provider at Compiègne. I have worked as a system administrator on the devices of the association. (Docker, OpenWrt, Routing)
- 2014 **Student Intern**, *NCS - Arras (FR)*.  
Monitoring and basic system administration tasks on platform certified by the French government to host confidential health data. Python scripting in order to harvest and analyse logs.

## Education

- 2014–2017 **Diplôme d'ingénieur, Informatique**, *Master in Computer Engineering in apprenticeship section at Worldline*.  
Université de Technologie de Compiègne, France.
- 2012–2014 **DUT Informatique**, *Two-years core studies diploma in Computer Science*.  
Lens, France: First class honors.  
Exchange program, 4 months at UQAM in Montréal, Canada
- 2011–2012 **Baccalauréat Scientifique**, *French secondary finishing degree*.  
Institut Saint Eloi, Bapaume, France: Second class honors

## Computer skills

- System *RHEL/CentOS, Debian, Docker Engine/Swarm, Kubernetes, Openshift, OpenVZ, Haproxy*
- Web Servers *Tomcat, JBoss, Apache, Nginx*
- Automation *Ansible, Puppet, Fabric*
- Programming *Python, Ruby, Java SE/EE, Shell scripting, PHP, C/C++*
- Network *IPVS/Keepalived, TCP/IP, Cisco IOS, EIGRP Routing, DNS*
- Databases *MySQL, PostgreSQL, Redis, Oracle*
- ETL/Dataviz *Elasticsearch, Logstash, Kibana usage and administration*

## Languages

- French *Native Speaker*
- English *TOEIC 840*

## Other Experiences and Activities

- Sport *Road cycling (4000 km/year), Tennis*
- Humanitarian Project *2011: Involvement in a humanitarian project in Burkina Faso with the Institut Saint Eloi: 15-day trip with participation in the construction of a multipurpose room in the school of the city of Kantchari.*
- Travels *2011: Immersion in Australia for two months. I went to an Australian school*
